

Look what Allah made!

Pitter-Patter, Rain!

🎵 “Pitter-patter, rain is here, blessed water, cool and clear!”

☁️ Look up!

💧 Drip-drop!

📖 Allah says in the Qur'an · 50:9

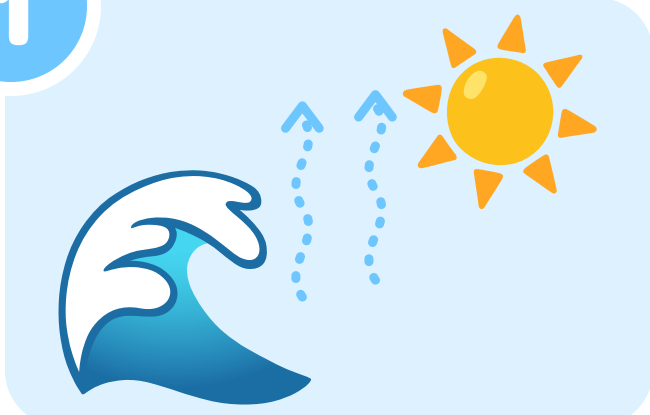

وَنَزَّلْنَا مِنَ السَّمَاءِ مَاءً مُبْرُكًا

*Wa nazzalnā mina s-samā'i mā'an
mubārakā*

Meaning: We sent down
blessed rain from the sky.

💧 **Where does rain come from?** Round and round it goes!

1

**Up it goes**

The sun warms the
sea. Water floats
up, too tiny to see!

2

**Clouds**

Tiny drops of
water join up
and make clouds.

3

**Rain!**

The clouds get
heavy. Down
comes the rain!

4

**Green again**

Plants drink, seeds
wake up, and the
land turns green!

When it
rains, we say:

اللَّهُمَّ صَيِّبًا نَافِعًا

Allāhumma ṣayyiban nāfi'ā

O Allah, make it a helpful rain!

him) said this when it rained · Al-Bukhari
