

Look what Allah made!

The Sun and the Moon

“Never crash and never race, Allah keeps them in their place!”

Day

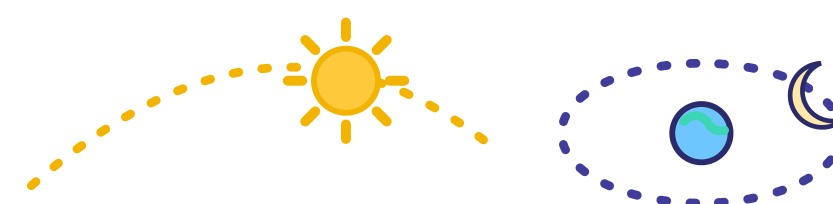

Night

Allah says in the Qur'an · 36:40

وَكُلٌّ فِي فَلَكٍ يَسْبَحُونَ

Wa kullun fī falakin yasbaḥūn

Meaning: Each one swims along in its own orbit.

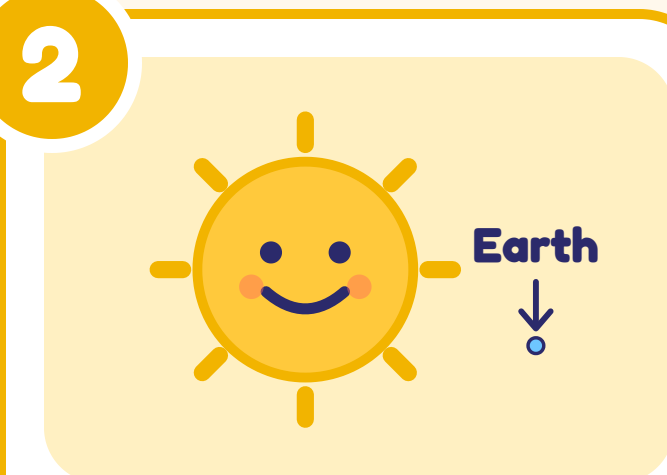

Wow! Did you know?

A giant star

It gives us light and keeps us warm.

So, so big!

About a million Earths could fit inside the sun!

Moonlight

The moon shines with light from the sun.

Moon shapes

Thin, then round, then thin again, every month!

When I see the sun or the moon, I say:

Words the Prophet (peace be upon him) loved · Sahih Muslim 2695

سُبْحَانَ اللَّهِ

SubhanAllah!

How perfect Allah is!
